INTRODUCTION

The rooftop is an idle part of a building structure but some owners are monetizing their rooftops through solar photovoltaic (PV) systems, resulting in electricity bill saving that leads to cashflow improvement for companies, enhancing their competitiveness compared to their peers.

In addition to bill saving, companies enjoy tax incentive for installing solar PV system. In Budget 2020, the government announced the extension of Green Investment Tax Allowance (GITA) and Green Income Tax Exemption (GITE) until 2023, and tax exemption was also announced for solar leasing activities.

Meanwhile, the government has also introduced peer-to-peer (P2P) energy trading programme, allowing consumers to sell the excess of electricity generated from their rooftops to others.

In short, exciting times ahead.

The MPIA Solar Roadshow 2020 - 2021 is a congregation of the authorities and industry players to impart comprehensive information about solar PV system investment. Details on incentives, licensing procedure, insurance coverage, Net Energy Metering (NEM), P2P energy trading, etc. will be elaborated during the event.

Having the support from industry as well as the authorities – Malaysian Investment Development Authority (MIDA), Sustainable Energy Development Authority (SEDA) and Energy Commission (ST) – MPIA Solar Roadshow has become a one-stop platform to channel accurate information on schemes, incentives, risk, return of investment, as well as the technical and financial aspects related to solar PV system deployment.

This is the most focused effort of its kind to date with the government, solar industry and industrial consumers all coming together for the common benefit and good for the environment and Malaysia.

TENTATIVE PROGRAMME

Time	Activity
08.30 - 09.00 am	Registration & Refreshment
09.00 - 09.10 am	Welcome Speech by MPIA
09.10 - 09.20 am	Opening Speech by VIP
09.20 - 09.40 am	NEM & P2P Energy Trading – by SEDA
09.40 - 10.00 am	License, Policy & Procedure, Requirement – by ST
10.00 - 10.20 am	Solar Inverter Technology and Efficiency
10.20 - 10.40 am	Solar Insurance and Risk Management
10.40 - 11.00 am	Tea Break
11.00 - 11.20 am	Solar Financing
11.20 - 11.40 am	Solar System, ROI & Business Model – by MPIA
11.40 - 12.00 noon	Tax Incentives for Solar Investment – by MIDA
12.00 - 12.20 pm	Solar PPA and Investment Opportunity
12.20 - 01.00 pm	Panel Discussion & Photo Session
01.00 - 02.30 pm	Lunch
02.30 - 04.30 pm	Business Matching

Date

Location

9 September 2020	Hilton, Petaling Jaya Selangor
6 October 2020	Weil Hotel, Ipoh Perak
11 November 2020	The Light Hotel, Seberang Perai Penang
15 December 2020	Vistana Kuantan, Pahang
19 January 2021	DoubleTree by Hilton, Melaka
25 February 2021	Thistle Hotel, Johor Bahru
6 April 2021	Kuala Lumpur

About MPIA

The Malaysian Photovoltaic Industry Association (MPIA) is a non-profit organization representing the Malaysian solar industry. MPIA is dedicated to the promotion of solar energy and consists of members from the local solar supply chain, including manufacturers, service providers, system integrators, consultants, insurance providers, training providers and academicians.

MPIA bridges communication among the stakeholders and has been working with the government to ensure the efficient, ethical and professional growth of solar industry.
